LB1T92AIT

EAN Code	8017709347970
Product Family	Washing Machine
Commercial width	60 cm
Commercial depth	Standard
Installation	Free-standing
Load type	Frontal

Aesthetics

Colour	White
Front panel colour	White
Led/display colour	White
Front panel type	T1
Function buttons colour	Black
On/Off buttons colour	Black
No. of control knobs	1

Programme/temperature knob colour	White/Silver
Door colour	White
Door window	Big Door
Handle colour	White
Drawer Color	Silver
Cabinet colour	White
Top colour	White

Programs

Controls	Electronic
Programmes graphics	Written in IT
No. of programmes	15

Programmes

Anti-allergy	Colored	Cotton
Cotton 20°	Cotton Prewash	Eco 40-60
Jeans/Capi scuri	Wool	Hand wash/Delicates
Duvet	Quick wash 15 min	Express 60'
Rinse	Drain + Spin	Sport

Washing Temperature

20°C	30°C	40°C
60°C	90°C	

Special programmes

Anti-allergy	Wool	Handwash
Mix	Quick 15 min	

Display

Residual time indicator	spin regulation	temperature regulation

Display type LED DISPLAY

Buttons/Options

Spin Speed	Temperature	Quick

On/off indicator (light) Yes

End of cycle indicator (light)

Technical Features

Type of motor	Brushless/Inverter	**Door diameter**	33 cm
Electronic control functioning	Yes	**Door opening**	160°
Programme selection knob	Yes	**Automatic variable load**	Yes
Spin speed selection on display/LED	No spin/ 600/ 800/ 1000/ 1200	**Antifoam system**	Yes
		Load balancing system	Automatic
		Easy to access filter	Yes
		Child lock (functions block)	Control block

Display/led for temperature regulation	Yes
Polypropilene tank	Yes
Basket	Stainless steel
Drum capacity	61 l

Performance / Energy Label - Reg. 2019

Supplier's name or trademark	SMEG
Rated Capacity	9 kg
Energy Efficiency Class	A
Energy_cons_100	49 kWh
Water Consumption	50 litres
Spin-drying efficiency class	B
Airbone acoustical noise class	B
Airbone acoustical noise	74 dB(A) re 1 pW
Programme duration at rated capacity	3:48 h:min

Electrical Connection

Nominal power	2200 W
Current	10 A
Voltage (V)	220-240 V
Frequency (Hz)	50 Hz
Power supply cable length	160 cm
Plug	(F;E) Schuko

Compatible Accessories

KITPLV2

Kit extension for dishwasher and washing machine: lenght mt. 2

Symbols glossary

Variable load: In all models of washing machines is present the system of variable load, according to which the machine automatically diversifies the wash cycle and the time of operation depending on the quantity and type of laundry introduced, allowing a significant saving of water and energy power, up to 30% compared to the versions with fixed load.

Automatic Load Balancing: provides an ideal distribution of laundry in the drum. In case if the imbalance is detected, the rotation speed starts being controlled in such way to evenly redistribute laundry in the drum, and thus reduce vibration.

Child lock: some models are fitted with a device to lock the programme/cycle so it cannot be accidentally changed.

Energy efficiency class A

LED display: to show programmes, functions and options selected and the time to the end of the cycle.

33 cm: Large loading hatch of 30-32-33 cm in diameter, makes laundry loading and unloading easier and faster with maximum ease of use.

This option advises when the periodic cleaning of the filters is needed, in order to avoid forgetfulness and thus guarantee the perfect functioning of the dryer over time. The convenient position of the filters makes maintenance fast and extremely simple.

End: Show the stage at which the program is in progress: the program has finished.

Smeg's evolution towards more intelligent and eco-friendly models has led to the choice of Inverter technology, which significantly reduces consumption.

Antiallergic: Antiallergic program with particular attention to the total removal of residual detergent.

For lightly soiled fabrics in cotton and linen

Eco 40-60: reference programme defined by EU regulations for measuring the energy performance of washing machines. Ideal for normally soiled cotton garments washable at 40 °C or 60 °C, it provides an excellent balance between cleaning performance and savings, although it requires a longer washing time.

Prewash cotton

Cotton: programme designed for washing medium to heavily soiled cotton garments, ensuring thorough and effective cleaning.

To drain the water in the machine.

Wool/Hand wash: ideal program for delicate, wool and silk garments that require particular attention in washing. It uses room temperature water and slow drum rotations to ensure maximum garment care.

Hand wash: this specific programme for delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Jeans / Dark garments: Special cycle designed to meet the washing needs of jeans or dark garments. The program allows you to wash the garments respecting colors and minimizing creases thanks to minimal mechanical action and low temperatures.

Mixed fabrics: this cycle is designed for lightly soiled laundry in a mix of cottons and synthetics, or can be used just to refresh stored items.

Extra rinse: The Extra rinse option: can be added to the selected programme when more thorough cleansing of special fabrics is needed.

Sport: programme designed to quickly wash sports and technical clothing, which undergo frequent washes, ensuring optimal hygiene and protection of the fibres.

Option that allow to reduce times of the selected program.

Temperature Adjustment: allows you to tailor the wash cycle to your needs by selecting the most suitable temperature to protect fabrics, remove dirt, and achieve optimal results with every wash.

Quick 15 min.: ideal for small loads of lightly soiled garments, it guarantees a fast wash in a very short time.

Spin: a programme designed to perform an effective spin cycle to remove excess water from garments.

Wool: this programme for wool or delicate fabrics uses slower rotations of the drum to ensure the utmost care for clothing.

Drum has maximum capacity of 9kg of dry laundry.

Benefit (TT)

Standard dimensions to fit any home environment, with optimal capacity and advanced features

15 programmes

Up to 15 programmes to meet every daily need

LED Display

With soft touch control and LED lights for intuitive and fast setting and selection of each option

Inverter

Greater energy efficiency, lower consumption, and longer lifespan by reducing wear and noise thanks to the Inverter motor
