Softer than Steel

Nendo, 2014

“Una sezione del piano si solleva, si ripiega e da origine allo schienale. Barre d’acciaio si attorcigliano una con l’altra e danno vita ad un appendiabiti. La rigida lastra di metallo acquista leggerezza, flessibilità come se il metallo diventasse carta, tessuto”.

[Nendo]

Softer than Steel

Appendiabiti in barra di acciaio laccato opaco.

Softer than steel 686

altezza 169 cm
larghezza 30 × 32 cm
