

HECATE

sphær

This serene figure shines her radiance protectively upon dim corners. Form and colour engage in a playful dance, symbolising the infinite duality and interplay between night and day. In a harmonious composition of glass and ceramic, Hecate wears her crown with pride, serving as a majestic tribute to every facet of light: warming, nurturing, guiding.

MATERIAL & FINISH

Hecate consists of a pink-pigmented glass sphere, over which a dark green ceramic tube forms an arch. At the ends of the arch, there are two pink-painted ceramic spheres. Above the arch, there is another dark green ceramic shape. All the ceramic colours have a matte finish. A suspension tube made of sturdy iron, coloured in gold-silver, keeps the lamp stable and secure, with the length of the suspension being adjustable.
